## LAWS RELATING TO TRUST FUNDS

### Chapter 51, Revised Laws of New Hampshire

19. In General. Town may take and hold in trust gifts, legacies and devises made to them for the establishment, maintenance and care of libraries, reading-rooms, schools and other educational facilities, parks, cemeteries and burial lots, the planting and care of shade and ornamental trees upon their highways and other public places, and for any other public purpose that is not foreign to their institution or incompatible with the objects of their organization.

---

We would suggest that persons desiring to leave a sum of money, the income of which is to be used for the care of cemetery lots, should deposit at least \$200.00.

At the present rate of interest, wherever possible, those funds the principle of which is \$100.00 or less, should be increased.

Respectfully submitted,

SAMUEL W. GERRISH,

LESLIE R. TASKER,

ERNEST L. PINKHAM,

Trustees of Trust Funds.

## Report of Superintendent of Schools

To the School Board and Citizens of Northwood:

The re-arrangement of grades suggested in my report of last year has been put into effect so that the school organization is now as follows:

School	Grades	Teacher	Enrollment
Brookside	1, 2	Mrs. Hilda H. Gerrish	20
Brookside	2, 3	Mrs. Annie C. Giles	25
Ridge	4, 5	Mrs. Lillian L. Williams	28
Ridge	6, 7	Mrs. Helen Guptill	24
Ridge	8	Mrs. Shirla B. Smith	21
Music		Mr. Bertram Colter	
School Nurse		Miss Myrtle Fletcher	

---

Total elementary pupils,	118
--------------------------	-----

Coe-Brown Northwood Academy has 75 pupils, of whom 57 are residents of the district. One tuition pupil attends Brookside from Epsom.

The change in grade distribution has been received with general satisfaction by the townspeople. The teachers have found it an advantage in planning their instruction and activities. The new transportation involved was helped by the purchase of a new bus by Mr. Earle Folsom for the main route. Greater efficiency in the teaching schedule has made it possible for the school board to reduce by a quarter of an hour the time that the children are inside the classroom daily.

Mrs. Gerrish succeeded Mrs. Richner, who resigned in November on account of health. Mrs. Smith returned to replace Mr. Bucklin who accepted a position in Wolfeboro. The music supervision, for the first time in recent years, is now under one direction throughout Grades I-XII, giving an opportunity for a more unified program, as Mr. Colter was elected to fill the vacancy caused by the resignation of Mrs. Coombs.

Fluorine treatment as a preventive against tooth decay has been administered this spring by dental hygienists furnished by the state Board of Health. Clean-

ing was included in this service. The regular local clinic, conducted by Dr. Charles Manning of Newmarket, was conducted last May, with 51 children receiving dental care. Miss Fletcher, School Nurse, who organized the clinic and assisted in carrying it on, reports as follows, regarding the sponsoring group: "The Harvey Lake Women' Club does a wonderful piece of work for the children of Northwood. Parents should be proud of this fine project and take more advantage of the dental clinic."

The federally aided school lunch program has furnished a balanced hot noon meal to all pupils from the last of November to the last of March, that is, during the coldest weather. The preparation of meals, accounting involved, handling of the lunch money, and distribution of donated products, all involve painstaking and time-consuming work on the part of all school personnel, outside of their official duties. Besides the district appropriation (which is always cheerfully voted), it might be well for parents who appreciate the lunch to drop a word of encouragement to the school board, and express their wishes as to continuance of the project.

The Penny Art Fund of the State Federation of Women's Clubs made possible the showing and explanation of several large mounted reproductions of modern paintings in our schools. A recent book called "Fifty Teachers per Classroom" points out that the schools might well use the special knowledge and experience to be found in every community to enrich the understanding of their surroundings on the part of boys and girls.

Northwood elementary teachers participated in a Red Cross Standard First-Aid class, taught by Rev. Leonard P. Edwards, a qualified instructor, and attended also by teachers from Strafford, Nottingham, and Epsom, held at the Ridge School. Mrs. Florence Miner helped to organize this class, which was set up in response to an urgent plea from the state civil de-

fense leaders.

After considerable negotiation, the district acquired a plot of land adjacent to the Ridge School grounds, resulting in improved facilities for school-yard activities.

While these special activities are interesting and significant, we should always remember with appreciation the regular daily work of the classroom teachers in inculcating the three R's, guiding self-expression, training in citizenship, cultivating good habits of study, careful work, and intelligent thinking, and traits of high character and social understanding. That these things are well done is proved by the high level of industrial development, cultural appreciation, and loyalty to be found among the people of America.

Miss Edna M. Quimby, who retired as teacher in 1948 after 42 years of service in Northwood, died in May of last year. Such a record is seldom equalled, either in duration or quality. Dr. Harold E. Hyde succeeded Dr. Howard R. Jones as President of Plymouth Teachers College at the beginning of the current academic year.

Respectfully submitted,

CHESTER W. DOE,  
Superintendent of Schools.

January 12, 1952.

## ONLY YOU CAN PREVENT FOREST FIRES

New Hampshire faces a real forest fire problem and challenge. To meet it successfully, New Hampshire and your community need YOUR thoughtful and cooperative effort. Nearly 900,000 acres of slash have been added to an already sizable slash problem, since the hurricane.

When you fail to use needed precautions while burning in or near woodlands; when you fail to secure the required permit from your local forest fire warden; when you are careless in smoking near woodlands; when you throw lighted smokes from moving vehicles - YOU are violating fundamental common sense and may easily contribute to a substantial and costly fire.

REMEMBER - the fire YOU prevent might be one which could burn YOUR property and harm YOUR community.

ONLY YOU and YOU can prevent forest fires  
- will YOU help?

1951 Fire record - Fire permits issued: 74, number of fires: none, acreage burned: none.

Ernest M. Baker, Forest Fire Warden
